

## Special Power of Attorney

**Ref : Martyr's of Abu Saleem prison / Tripoli**

I ..... The undersigned, on ..... Day of ..... 2009 and holder of Identity Card..... hereby grant full legal authority in my capacity as father/ brother/ son/ wife of the aforementioned related martyr (-----) who lost his life in the infamous Abu Saleem Massacre that took place in June 1996 in Tripoli ,Libya .

I have been notified of his death recently by a letter which I received from the Libyan Internal security department dated..... informing me of his death without outlining the real cause.

I hereby declare my intention to pursue International criminal proceeding against the Libyan Leader, Colonel Muammar Gaddafi together with his cohorts who carried out the actual executions of this barbaric crime which is in contravention of all International Conventions, Treaties and Protocols of which Libya is a signatory to.

The idea of entertaining a criminal case to prosecute the perpetrators in Libyan courts is non existent due to the fact that the country is run as a police state and also the threats and harassment that would be brought to bear on the victim's families by Gaddafi's internal security apparatus.

I, the undersigned hereby duly declare my intention to give full power of attorney to the executive committee of the National Conference of the Libyan Opposition (NCLO) and their designated attorney's to initiate criminal proceedings with appropriate International Criminal Courts to prosecute the perpetrators and accomplices of Abu Saleem Massacre which is considered crime against humanity and a blatant infringement of human right under the U.N charter.

I will be in a position to provide all necessary documentation and all other information requested by the attorneys.
